

# CAT & DOG WELFARE

2021

# What is

PFC takes in sick, hurt and abandoned animals. We provide them with a safe and loving environment where they can heal and learn to trust again.

**All our animals are up for adoption.**

Dogs and cats are sentient creatures, which means they can feel pain and have emotions and feelings, just like humans.

# Our projects

- education
- sterilisation to reduce overpopulation
- ending the cat and dog meat trade
- rescue and rehabilitating street animals

# Sterilisation

Sterilisation prevents kittens and puppies that won't find homes.

With the world already full of stray and abandoned animals, we need to sterilise our pets to make sure there are not more cats and dogs than there already is.

In Vietnam, these unwanted animals could end up in the dog and cat meat trade.

As a part of this program we vaccinate animals against rabies.

Paws closed 1  
restaurant in Vietnam.

# Cat and Dog Meat

**Did you know that people eat cats and dogs?**

Cats and dogs that are pets are stolen then taken to restaurants for people to eat.

Over 5,000,000 cats and dogs are eaten in Vietnam each year. More than China!

We need to keep our pets inside to make sure they are safe from thieves.

# Are dogs and cats friends or food?

friends

Who eats dogs and cats?

**Sisters**

**Moms**

**Dads**

**Brothers**

**Grandpas**

**Grandma**

**Pet owners**

\*\*\*pet owners who claim they love pets also eat cat and dog meat\*\*\*\*

# The sad truth about the cat and dog meat trade

# Do you know what pets need?

# All animals have 5 basic needs

Living as pets with an owner or  
living on the streets without an owner

on the street

with an owner

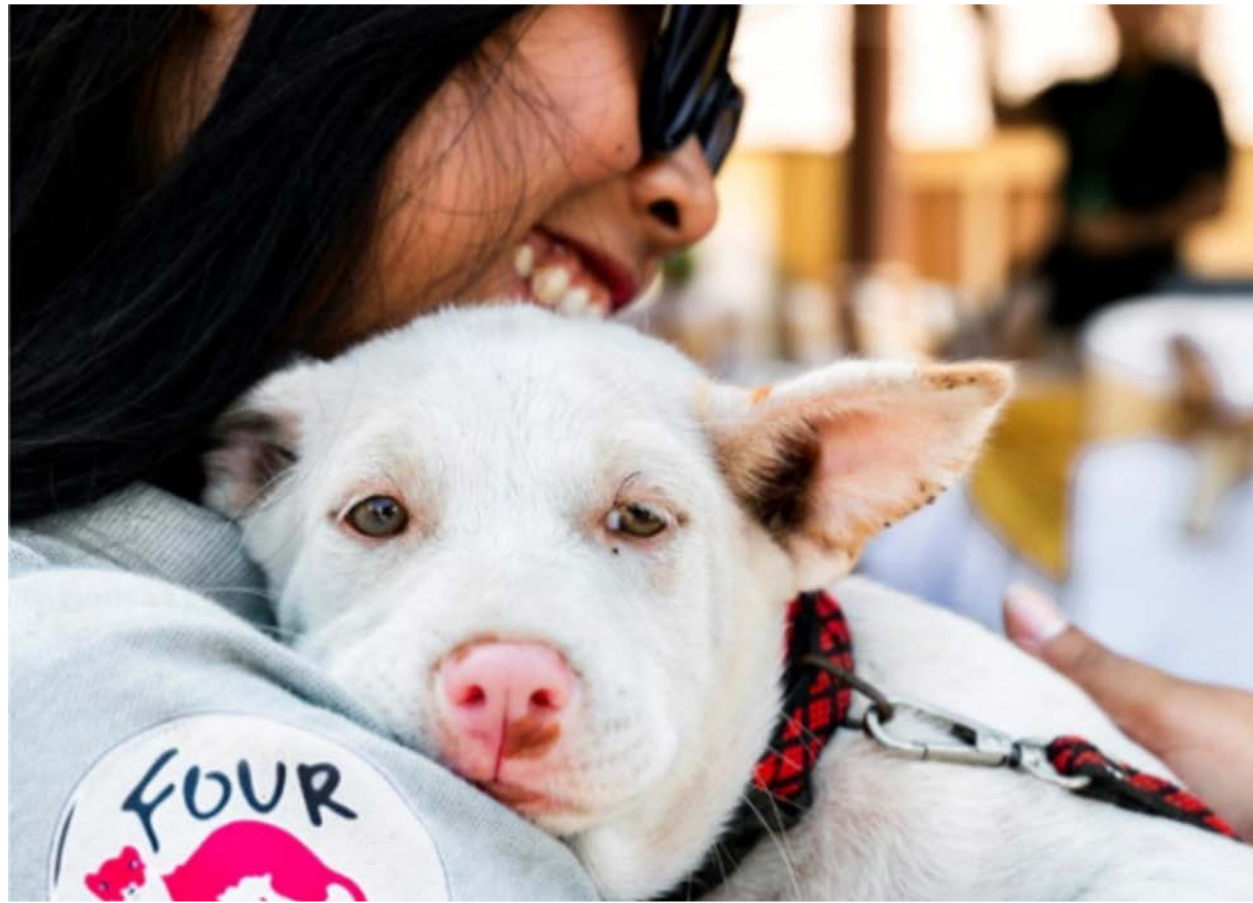

# 5 basic needs

## 1. FOOD & WATER

Dogs and cats get hungry and thirsty. They need food and water everyday.

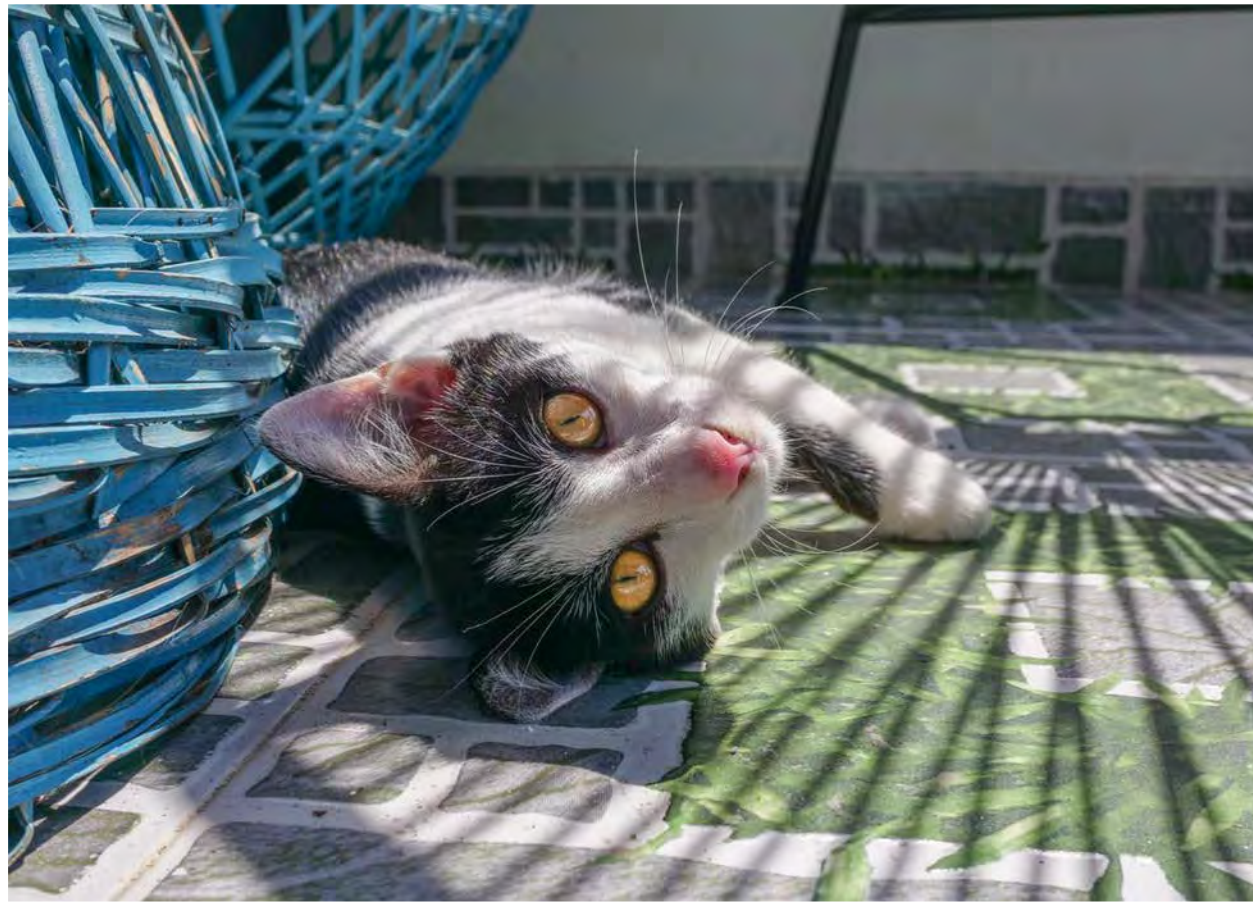

# 5 basic needs

## 2. LOVE & ATTENTION

Animals can sometimes be scared and you need to be nice to them. They need love like humans.

# 5 basic needs

## 3. EXERCISE

Animals need enough space to run and play every day.

# 5 basic needs

## 4. SHELTER

Animals need a place where they can rest and hide from the heat, the rain or from pet thieves.

**Animals should also not be closed in a cage all day.**

# 5 basic needs

## 5. MEDICAL CARE

Animals can get sick and then they will need a veterinarian

A veterinarian or vet is a doctor for animals

# How can you help?

Our mission is only possible with the help of our supporters. You can help through your time, voice and tell your neighbours to bring their pets to sterilisation.

Help us spread the word and make Vietnam, and the rest of the world, a better place for our companion animals. Tell your friends what we do!
